at the same time, the super-sized law is chock full of regulations that affect insurers, with stringent requirements to provide more coverage, while squeezing profits

i like the statement made at the end of the article: "we heard the well-intentioned institute lessons about couples who got married nine days after the mission too"

die young in such places, and that kids who survive to adulthood typically become their parents;

deres dragter kommer i standard strrelser, ogs hvis det er det du leder efter
